

Hi <<First Name>>!

We are so thankful for you! Thank you for supporting Azar House Pregnancy Resource Center! By lifting us up in prayer and coming alongside us to celebrate praises, you are encouraging wonderful growth in this ministry. We couldn't do what we do without you!

As a Care Net affiliate, Azar House Pregnancy Resource Center aims to provide our community of support with interesting and relevant information.

## A Letter From Our Executive Director

I usually stay away from politically charged quotes or articles but I came across an article by Franklin Graham and thought I would pass an excerpt from it. We are living in a critical time when those who are Pro Abundant Life need to stand together and not stay silent. This is part of an article dated March 1, 2019:

### Franklin Graham: We Must Not Remain Silent

. . . “This is the point to which we have come. The war against Biblical values and those who embrace them is full on. The gloves are off, and the radical left would like to crush all who hold to a Biblical worldview.

On Jan. 22, the anniversary of Roe v. Wade, New York Gov. Andrew Cuomo signed the Reproductive Health Act – Orwellian language if ever I heard it – which legalized abortion in the state of New York throughout *all* nine months of pregnancy, with a doctor’s consent. It also decriminalized all state abortion laws and allows even unlicensed physicians to perform abortions. To celebrate their murderous new legislation, Cuomo had the One World Trade Center lit in pink.

One physician commented: ‘As a board-certified practicing OB-GYN for over 30 years, I need to say publicly and unequivocally, that there is never a medical reason to kill a baby at term. . . The decision to kill an unborn baby at term is purely for convenience. It is murder. . . God help us.’

In Virginia, only an outcry from the public halted proposed legislation that would have repealed any restrictions on third-term abortions going to the floor for a vote. Gov. Ralph Northam’s comments in a media interview insinuating that infanticide is permissible following the birth of a live child was chilling and disgusting.

Vice President Pence, a committed believer in Jesus Christ and ardent pro-life supporter, said in a tweet: ‘These VA & NY late-term abortion bills should be a call to action for all Americans. It would be unconscionable for us to let this moment pass in silence. We must recommit ourselves to restoring the sanctity of life to the center of

American law.’  
Amen!

. . .I promise that I will raise my voice each and every day against such injustice and wicked behavior. I cannot and will not stand idly by. By God’s grace and with God’s help, I will ‘Fight the good fight,’ trusting in the sovereign hand of the Lord to work in the hearts and lives of His people to embolden them.

We must be like the Prophet Daniel, who continued to pray to Jehovah God even though he knew he was violating the orders of the Babylonian king to worship him alone. Looking west toward Jerusalem, Daniel ‘knelt down on his knees three times that day, and prayed and gave thanks before his God, as was his custom since early days; (Daniel 6:10). Daniel courageously obeyed God in the face of a pagan culture, even risking his own life in the process.”

## Did You Know...

*During the first trimester, a baby will grow from the size of a poppy seed to the size of a peach! If he continued to grow this fast after he was born, he'd be 15 feet tall after just one month!*
